

PINWHEEL

MATERIALS

- 8 1/2" X 11" copy paper
- Scissors
- Glue
- Thumbtack
- Wooden dowel or straw

SAFETY REMINDER

Only a grown-up should do any cutting.

DIRECTIONS

1. Choose two of the patterns on the following pages and print them out. Cut out the patterns.
2. Glue the backsides of the two square pattern pieces to each other (designed side out).
3. Cut along the four gray dashed lines on each square pattern.
4. Pull the right corner from each spoke towards the black dot in the center, making sure not to crease the fold. Secure all four spokes by pressing a thumbtack through each spoke and to the black center dot.
5. Stick the thumbtack into your stick of choice (wooden dowel or straw), which will serve as your pinwheel's handle.
